County-wide Economic Development Team builds speed in second year

Now in its second year, the Cattaraugus County Economic Development Team is really rolling. With all the kinks worked out, the team is more effective at reaching its goals and continuing its mission to be a "Unified collaboration to support economic growth in Cattaraugus County". The team currently includes: Cattaraugus County Economic Development, Planning & Tourism Department; Cattaraugus County Industrial Development Agency; Southern Tier West; Cattaraugus County Business Development Center; Cattaraugus County Procurement Technical Assistance Center, Salamanca Industrial Development Agency; City of Olean Community Development & Planning; Workforce Investment Board & NYS Department of Labor; and the New York Business Development Corporation. The team also partners with various other agencies in the region and state. To learn more about the team, please go to www.ccbizhelp.com.

System for Award

The Economic Development Team has created two websites designed to assist both new and existing businesses. Start-ups and Entrepreneurs will want to check out www.ccBizHelp.com to get information they need to start right. Here you will also find important links, information about the team, and a list of upcoming events. Existing businesses will want to check out www.ccBVOOC.com for continual support of their business. You will also find a list of registered county businesses on the www.ccBVOOC.com site. Both sites are intended to provide useful information to County businesses.

County EDPT launches “Made in Cattaraugus County” campaign

The “Made in Cattaraugus County” campaign, launched by the Economic Development, Planning, & Tourism Department late in 2012, is part of a larger “Buy Local” campaign aimed at promoting all local businesses. Currently, the www.ccBVOOC.com website is accepting business listings from ALL county businesses, including Made in Cattaraugus County. In early 2013, all the businesses qualifying for the Made in Cattaraugus County tag will be added to a new website, just for those businesses. The EDPT is actively looking for all businesses to submit their information and pictures to help show the world all there is right here in our County.
